The image shows a page with a black and white striped border. The stripes are vertical and of varying widths, creating a rhythmic pattern around the central text. The word "SPORTS" is printed in a bold, black, serif font, centered horizontally and slightly lower on the page. The background of the page is a light cream or off-white color.

Twenty-three boys, nine seniors, five juniors, eight sophomores, and one freshman, wore the maroon and white jerseys of the Seymour Panthers. By the end of the season, the Panthers had five victories, four defeats, and one tie. It was a good season, one of which they can be justly proud.

So we say - - - - - Congratulations, Panthers!

Planning ahead for your electrical future

How many new uses for electricity will you enjoy 10 or 15 years from now? No one can tell you today, but men are at work in the laboratories developing new electrical conveniences you will use in the years to come. And there will be plenty of electricity to operate these electrical appliances of tomorrow. Business-managed electric companies, like Texas Electric Service Company, constantly plan and build ahead to keep your electric service supply plentiful and dependable . . . ready when needed for progress and for better living.
